Letter of Appreciation

Dear Ravi Kumar Reddy,

M/s. Macro Precision Components is associated with DELOPT since over 12 years. They have been one of our important partners in various projects we have undertaken for Defence and civilian applications.

This letter is given in appreciation to “**Macro Precision Components**” for their valuable contribution towards the production of Mechanical Components for ‘**Multi Function Up Front Control Panel**” (MFUFCP) LRU and ‘**Digital I/O Cards**’ for us.

MFUFCP and VME-DI/ O units are used in LCA (TEJAS) aircraft which is the Indian Combat Aircraft which is being developed by ADA for Indian Air Force.

Best of luck,

Best Regards
